Sanco Pipelines, Inc. protests the decision that our bid was determined to be non-responsive due to a prevailing wage rate discrepancy for plumber classification.

Sanco Pipelines, Inc. is consignatory to the Laborers Union in Santa Clara County and all waterline work is and has been always assigned to the Laborer's Union not the work of the Plumbers Union.

We request that our bid be considered responsive because we used prevailing wage rates for the Laborers classification for our work.
